tomato, toasted Maine blueberry bread

Escape to the Foxfire room

FOXFIRE:

The mysterious phosphorescent light emitted by certain spores on declining timber, generally found in North America.

For many, time spent at camp includes nights of unwinding with friends and family, sharing stories, and continuing traditions. Let us help create these memories for you with a unique, custom meal created by Chef Jennifer Watchorn, a tradition we like to call Jen's Whims.

Tucked-away in Camp, our Foxfire Room offers a private setting, Individualized service, and can be reserved for parties up to 12.

Please contact Brian Simpson for reservations.
